MEMORANDUM FOR: DEPUTY FOR POLICY COORDINATION, SE

SUBJECT: Daily Progress Report for Thursday, 29 May 1952

b. BOFIEND. A report from [ ] on the results of the clandestine radio reception tests at Bari, Italy, indicates that the broadcast made irregularly at 1200 GMT should be audible inside Albania. The evening broadcasts are not consistently audible. It is believed that seasonal changes will improve night reception and that eventually the broadcasts should be audible each night. As a result of the tests, it has been decided to use two transmitters for simultaneous broadcasts. (IN 46950)

[ ] reports that during the week end of 24-25 May a series of beatings and knife fights between members of the Legalitet and Balli Kombetar parties at Lavrion resulted in five hospital cases. The situation is still considered serious and the Greeks are being asked to remove the worst hotheads until a more permanent solution can be arrived at. [ ] reported that Abas Kupa had received a telegram from a member of the Legalitet in Athens stating that the situation in Athens and Lavrion was dangerously tense and that Legalitet and Balli Kombetar leaders should proceed to Greece to mediate.
